Let's make Global Goals Local Business

The UN Global Compact is **mobilizing a global movement of sustainable companies and stakeholders to create the world we want**. We must work urgently together to turn the global aspirations of the [Sustainable Development Goals](#) and the Paris Climate Agreement into reality.

[Help us make this possible with your company's 2017 annual contribution today >>](#)

Now is the time to act. By doing business responsibly – in line with the Global Compact's Ten Principles – and finding opportunities to advance the SDGs, your company can play a role in helping to usher in an era of peace and prosperity on a healthy planet.

Together, we can build momentum and accelerate change to achieve the Sustainable Development Goals by 2030.

You can have a powerful impact,

Sir Mark Moody-Stuart
Board Chair
Foundation for the Global Compact

Lise Kingo
Executive Director
UN Global Compact

Stand with us

Please find enclosed your invoice for 2017 – payable to the Foundation for the Global Compact. Your contribution will be recognized on your UN Global Compact public profile. As a contributor you may request permission to use the UN Global Compact "We Support" logo – a valuable way to showcase your engagement.
